VIVID ILLUSTRATIONS AND LIVELY DESCRIPTIONS TAKE YOU ON
A SYNCHRONIC TOUR THROUGH 6,000 YEARS OF HISTORY.

Look inside this book and you'll discover a great 19th-century creation: *The Wallchart of World History*. The few existing originals of this famous chronology are housed in museums. But thanks to this beautifully illustrated reproduction, you don't have to travel to a museum to see 6,000 years of history unfold before your eyes!

Made up of 14 connecting panels which fold out to 15½ feet in length, this chart traces mankind's history from Biblical days to the present. New sections have been added to the original, so the chart now covers history through the 1980s.

SEE HOW HISTORY PROGRESSED— AT A GLANCE!

The Wallchart of World History is based on a unique, "timeline" design that guides you through the vast panorama of empires and epochs with ease. Simply move along the horizontal lines that trace each of the world's major civilizations and you'll be able to study momentous events and follow great movements on a year-by-year basis. What's more, the vertical lines reveal what was going on concurrently throughout the world at any date, so you'll see the grand scope of history at a glance.

AN EXCELLENT EDUCATIONAL TOOL AND REFERENCE

With its thousands of dates, facts, and quotes, *The Wallchart of World History* provides a wonderfully complete overview of our civilization's chronology. And it's a dependable reference you can use to learn about:

- Reigns of rulers—from King Solomon to Elizabeth II
- History-making inventions—from the spinning wheel to the steam engine
- Biblical heroes and Pagan gods
- The 80 most important European battles from 1471 to 1878
- The great monuments—including the Seven Wonders, Stonehenge, and The Tower of Pisa
- Great Events of the Twentieth Century
- The great empires of history—from Alexander the Great to 16th century Europe... And much, much more!
