# THE BARNES & NOBLE

THE PRICE OF LOOKING IT UP JUST WENT DOWN!

While most unabridged dictionaries sell for as much as \$80, this 2,300-page *Webster's New Universal Unabridged Dictionary* can be yours for a fraction of its original price. Now more than ever, the time is right to make this superb dictionary your first choice—at home, in the office or the classroom.

The *Webster's New Universal Unabridged Dictionary* boasts extensive coverage of the English language, defining common and obscure words, words used in other centuries and words that reflect the rapid advances in science, technology, medicine, and changes in the syntax and idiom of American speech. As a result, the several hundred thousand vocabulary entries in this impressive dictionary include virtually all the words a heavy reader will ever need to look up.

The *Webster's New Universal Unabridged Dictionary* is strong on visuals, too. More than three thousand finely detailed and captioned drawings have been carefully selected to show the function, relative size, or appearance of the object you're looking up. These illustrations and 16 pages of full-color maps

help make the *Webster's New Universal Unabridged Dictionary* a fun, visually exciting learning experience, especially for children.

Other dictionaries may contain a few supplements, but the *Webster's New Universal Unabridged Dictionary* has over 150 pages of specialized information. And thumb-indexing makes information easy to access. Some of the features included are 16 pages of full-color maps and dictionaries of the Bible, myths and fiction, as well as a dictionary of foreign words and phrases.

While other large dictionaries use eye-straining type, this dictionary features good-sized print, with defined words standing out clearly in boldface. The *Webster's New Universal Unabridged Dictionary* provides a scholarly but practical reference for the general public, and Barnes & Noble, makes it available at an unbeatably low price.

## THE QUICK AND EASY WAY TO LEARN A LANGUAGE!

It's been scientifically proven that we remember words we hear better than words we see. That's why you'll find the two audiocassettes in each Language/30 package more useful than all the language books money can buy. Just start listening to the tapes, repeat the foreign phrases a few times and, believe it or not, you'll begin speaking like a native. It's that simple!

Most Language/30 programs feature native voices speaking the most important and commonly used conversational phrases. You'll learn all the words you need to know for greetings, introductions, requests, and general conversations in hotels, restaurants, stores, theaters, and other places. And world-renowned linguist Charles Berlitz provides interesting information at the beginning of each tape on etiquette and social customs.

So, whether you're going abroad for a short trip or an extended stay, you'll find that the fluency you've gained from Language/30 will make your visit easier, more pleasant, and more enriching. Instead of being a "stranger in a strange land," you'll be able to converse freely with the natives in their own

language. Each program comes with two 45-minute cassettes and convenient phrase dictionary in a compact, waterproof vinyl case.

### Which of these 31 languages would you like to speak?

- |                     |                                       |
|---------------------|---------------------------------------|
| 1232628. Arabic     | 1232768. Persian                      |

ONLY \$14.95 each (\$1.75 per tape)

### The Timetables of History

This remarkable book is unmatched by any other history or reference volume. It tells us Who Did What concurrently through the ages. Each double-page spread in this massive volume details what diverse matters were taking place

at the same time in each category: history and politics; literature and the theatre; religion, philosophy and learning; visual arts; music and science; technology and growth; and daily life.

**NOW ONLY \$9.95** (\$1.75)

### The NY Times Guide to Reference Materials

The most important part of research is not what you know but your ability to find the sources you need. The revised edition of *The New York Times Guide to Reference Materials* is the best introduction available on how to

look up facts and figures of all kinds. From Congressional races to book reviews, when you want to know how to assemble the references for a research project, this is the book to have with you before you look up any other.
