

# There's a smart way to die.

Complete Will Kit  
\$7.95

Living Will Kit  
\$7.95

**BOTH FOR \$15.00**

This is a matter of being practical, not morbid. With just a bit of foresight, you and your family can be protected from a great deal of pain, aggravation and financial loss. It comes down to simply doing three things.

First, you must have a will. Without a will, a state government—not you—will decide who inherits your assets; money, home, furniture—the lot.

Second, you must have a Living Will. Without such a legal preparation, your family—like too many others—when faced with a case of irreversible medical condition, could be forced to permit the use of unwanted artificial life support systems. The emotional ordeal and astronomical medical costs of such a situation can cripple a family.

Third, to have both Wills prepared for use in the future doesn't require hundreds of dollars of lawyer fees. You—by yourself—can prepare both wills in about thirty minutes. And do it at home. Your total cost: \$7.95 each or both \$15.00.

Each Will Kit provides clear instructions, legal advice and all the necessary forms needed to make sure your instructions are carried out to the 'letter'.

#### Complete Will Kit:

This contains nine handsomely crafted wills designed to suit any individual—married, widowed, single or di-

vorced. Please note that most states require that your will be notarized.

#### Living Will Kit:

This will protect your right to die with dignity. It is a directive to physicians, hospitals, nursing homes and all other health care facilities.

The Living Will allows you to declare, in advance, the medical treatment you wish or do not wish to be used if you become incapacitated by an incurable injury, disease or illness.

By having a Living Will in place, you have spared your family from having to make heart-wrenching decisions and face medical expenses that could bankrupt them.

#### Both wills are attorney prepared and designed for legal use in all 50 states.

Both Will Kits allow you to remain in control—regardless of your physical condition. And when you can accomplish that at a cost of thirty minutes of your time and just \$15.00, that's a pretty smart thing to do.
