\$109.85
VALUE

- More than 1,000 pages of text and 600 illustrations—60 in full color
- 2 FREE 5-1/4" disks with 100 fractal images and programming code
- For IBM PC or compatible, 640K RAM, DOS 2.0 or later, color monitor and EGA or VGA card

Library of Science

A Newbridge Book Club
Delran, NJ 08370-0001

Please accept my application for trial membership and send me the Fractal Graphics Set (00157) billing me only \$4.95, plus shipping and handling. I agree to purchase at least three additional Selections or Alternates over the next 12 months. Savings generally range from 15% to 30% off the publishers' prices. My membership is cancelable any time after I buy these three additional books. A shipping and handling charge is added to all shipments.

No-Risk Guarantee: If I am not satisfied—for any reason—I may return the Fractal Graphics Set within 10 days. My membership will be canceled, and I will owe nothing.

FRACTAL PROGRAMMING IN C

Roger T. Stevens

Monster curves, strange attractors, Mandelbrot and Julia sets—these are just some of the exotic fractals you'll generate on your PC with the aid of Turbo C, Quick C, or Microsoft C compiler. Learn how to

- Reproduce more than 132 fractals contained in the text
- Manipulate 50 categories of fractals in archived format on the companion 5-1/4" disk
- Create original designs limited only by your imagination

Publisher's price: \$39.95

THE DESKTOP FRACTAL DESIGN SYSTEM

Michael F. Barnsley

Now you can bypass the difficult mathematics normally associated with fractals to create intricate fractal designs of your own. With just a simple IFS code—a small file of easy-to-use, easy-to-alter numbers—you can produce an endless

COMPUTERS AND THE IMAGINATION

Visual Adventures Beyond the Edge
Clifford A. Pickover

Stretch your computer imaging power with butterfly curves, oscillating fossil seashells, mirror worlds and inverse universes. This book will put you at the Pickoverian edge of computer-aided creation where mind and machine meld as one. Illustrated with more than 300 full color and black-and-white images.

Publisher's price: \$29.95

MEMBERSHIP BENEFITS: In addition to getting the Fractal Graphics Set for only \$4.95 when you join, you'll also receive discounts on books you choose to purchase. Discounts generally range from 15% to 30% off the publishers' prices, and occasionally even more. • Also, you will immediately become eligible to participate in our Bonus Book Plan, with savings of more than 50% off the publishers' prices. • At 3-4 week intervals (15 times per year), you will receive the Library of Science News, describing the coming Main Selection and Alternate Selections, together with a dated reply card. • In addition, up to three times a year, you may receive offers of Special Selections which will be made available to a group of select members. • If you want the Main Selection, do nothing, and it will be sent to you automatically. • If you prefer another selection, or no book at all, simply indicate your choice on the card and return it by the date specified. • You will have at least 10 days to decide. If, because of late mail delivery of the News, you should receive a book you do not want, we guarantee return postage.
