A Chilling Veil

SCIENCE NEWS

The Weekly Newsmagazine of Science

is now available to the
blind and
physically handicapped
on cassette tapes.

All inquiries should be made
directly to:

Recorded Periodicals,
Division of Volunteer Services
for the Blind

919 Walnut Street 8th Floor
Philadelphia, Pa. 19107.

Only the blind or handicapped
should apply for this service.
There is a nominal charge.

CAREER OPPORTUNITIES

**Women, minority students: Fulfilling careers can
be yours in science and engineering.**

The need for women and minorities to pursue professional careers in science and engineering has never been more critical. Explore how to encourage greater participation by these groups at a Shoptalk Event during the International Science and Engineering Fair on May 14.

- ★ *What are you doing in these areas to improve representation?*
- ★ *What are others doing?*
- ★ *Do you have new approaches?*
- ★ *What positive actions can we recommend?*
- ★ *How can we implement the plans?*

Two distinguished educators will chair the discussion. Dr. Deborah Partridge Wolfe is Chair, Board of Higher Education for the State of New Jersey. Dr. Shirley M. Malcom is Head, Directorate for Education and Human Resources Programs for the American Association for the Advancement of Science. Both women are trustees of Science Service which administers the ISEF.

Plan to attend the Shoptalk from 10 to 11:30 a.m. on Thursday, May 14, in Room 206 of the Nashville Convention Center.

Science Service, Inc.

Get Relief Now . . .

and get the most reliable, up-to-date information on the causes, treatment and avoidance of back pain from two of the foremost experts in the field. Using simple, straightforward language, Drs. Bonati and Linde explain:

- Back Tests You Can Do at Home
- When Your Back Hurts and You Need Help Now
- The Better Back Six-Week Exercise Program
- Redesigning Your Body Mechanics
- How to Protect Your Back at Work
- How to Protect Your Back in Sports
- How to Fight Tensions That Can Tighten Your Back
- What Diet, Vitamins and Minerals Can Do for Your Back
- When You Go to the Doctor
- Pain-Killers, Muscle Spasm Drugs and Other Medicines You Should Know About
- The Most Common Causes of Lingering Back Pain and What to Do About Them
- When Surgery is Necessary

NO MORE BACK PAIN

A NEW AND PROVEN PROGRAM
TO FREE YOURSELF
FROM BACK PAIN
FOR LIFE

ALFRED O. BONATI, M.D.
and SHIRLEY LINDE, Ph.D.

**To order by phone from
Science News Books, call:

(Visa or MasterCard Only)
In D.C. Area: 202-331-9653**

For the more than 80 million people who suffer from back pain, here is the complete, head-to-toe program that has been found to be over 90 percent effective for thousands of patients.

No matter who you are, what you do or what your history with back pain is, you can be helped by following this simple program.

Curve fit in two, three or more dimensions! Create 3-D mesh and scatter plots. Rotate axis and tick labels to match.

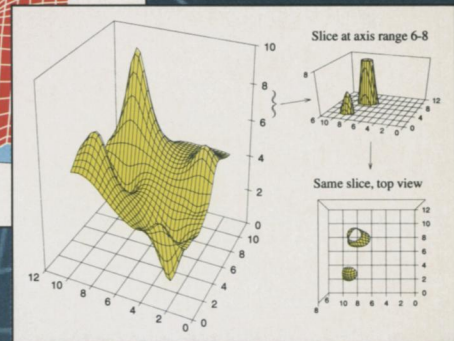

With the added feel of a desktop publisher, placing and re-sizing multiple graphs is a snap!

Create, overlay and inset both two- and three-dimensional graphs. Don't forget error bars, axis breaks, and time series tick labels!

Graph huge datasets! This example contains over a million data points. Note data point sampling in top graph.

Slice and rotate your 3-D graphs at will! Section data at any point and take advantage of TRUE 3-D clipping.

Enter a New Dimension with SigmaPlot® 5.0

NEW

SigmaPlot for DOS, the choice of over 30,000 researchers world-wide for creating publication quality graphs, enters a new dimension! SigmaPlot now includes everything you need to create outstanding 2D and 3D graphs for lectures, poster sessions and journal publication!

Important Scientific Features

Unlike business graphics packages, SigmaPlot was designed specifically for scientists. With automatic error bars, huge dataset handling, axis breaks, regression lines, confidence intervals, non-linear curve fitting and much more. With superb output and all these specialized features SigmaPlot graphs have been published in hundreds of technical journals!

Many New Enhancements

With SigmaPlot 5.0 3D plotting is just the beginning!

Version 4.1 Available for the Mac

Now you can merge graph files in one easy step; use position and alignment tools for right and left justifying or centering; import SigmaPlot for

Mac® graphs; and refer to improved and expanded documentation. But best of all, creating graphs is easier and faster than ever before.

Advanced Data Analysis

SigmaPlot's data analysis is among the most advanced found in any graphics package. Input your data directly from the keyboard, spreadsheet and ASCII files into a huge data worksheet. Use SigmaPlot's extensive range of mathematical functions to transform or generate data. Fit nearly any equation to your data with SigmaPlot's powerful non-linear curve fitter.

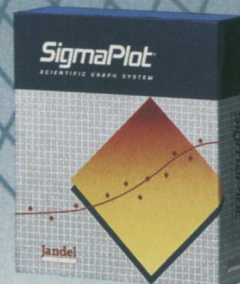

Realm of Desktop Publishing

With interactive WYSIWYG page display similar to that found in desktop publishing packages, creating and editing graphs is a snap! Put multiple graphs on a page, place text labels anywhere on the page and move or resize graphs by simply pointing and clicking. SigmaPlot gives you the flexibility and control necessary to customize your graphs down to the last detail! Choose from a large selection of plot types and axis scales, and set axis

ranges, increments, tick marks and grids to your specifications. Create graphs just the way you want them and output to almost any printer, plotter or graphics file.

Call Today

You have nothing to lose — SigmaPlot comes with an unconditional money-back guarantee and free, unlimited technical support. Call us today and see for yourself why SigmaPlot is the #1 plotting program for scientists and engineers!
