

**How can a healthy diet prevent disease and prolong life? What kind of exercise is right for me? How can I find a dating partner after all these years? Can I afford early retirement? Should I move to a warmer climate? How should I choose a financial planner?**

## A Consumer's Guide to Aging

You face some of the most important decisions of your life after age 50—here's what the experts think you should know.

DAVID H. SOLOMON, M.D. • ELYSE SALEND, M.S.W. • ANNA NOLEN RAHMAN, M.S.W. • MARIE BOLDUC LISTON, M.S.W. • DAVID B. REUBEN, M.D.

Johns Hopkins, 1992, 526 pages, paperback, 8¼" x 10", \$22.95

**A Consumer's Guide to Aging** is the book you need if you're over age 50 — a comprehensive, fact-filled and reliable resource addressing your changing questions and concerns. From the highly respected team of doctors and social workers who contribute to "On Aging" — the nationally syndicated column read in more than 6 million households — here is detailed information on virtually every issue of concern to older Americans:

- Physical Health
- Mental Health
- Medical Care
- Personal Finances
- Housing
- Family Relationships
- Sex and Intimacy
- Work
- Leisure Time

## THE FIRST COMPLETE MEDICAL GUIDE TO GOOD HEALTH IN LATER LIFE

*Aging in Good Health* by Dr. Mark H. Beers, a noted professor of geriatric medicine, shows what you can do to maintain or regain good health—at any age—and coauthor Stephen K. Urice explains the legal issues of vital importance to you and your family. From normal aging to prevention, from problematic conditions to diseases common to older persons, the authors explain the various treatments and services available and offer solid advice on getting the best possible medical and legal guidance.
