No scientific library is complete without this 3-book set covering fundamental methods and concepts in chemistry. From the atomic weight of hydrogen, to the principles of thermodynamics, the ELEMENTS OF CHEMISTRY brings you 3 essential references. Perhaps best of all, these three extraordinary volumes are yours for only \$2.95

### MATHEMATICAL METHODS IN CHEMISTRY AND PHYSICS

Michael Starzak

An extraordinary introduction to the mathematics essential for a clear understanding of fundamental physical and chemical concepts. With a thoroughly up-to-date text, complemented by applicable examples, this is the first mathematical methods book to concentrate on chemistry. Publisher's Price: \$69.50

### THE ELEMENTS, Second Edition

John Emsley

An invaluable resource that incorporates a wide range of numerical information in an easily accessible format. This volume provides an in-depth treatment of each element. Publisher's Price: \$22.95

### INTRODUCTION TO MODERN STATISTICAL MECHANICS

David Chandler

A well-organized and complete volume which covers the basics of statistical mechanics, and also presents some modern areas of interest. Topics include the fundamentals of thermodynamics, Monte Carlo simulations, and much more. Publisher's Price: \$24.95

THE LIBRARY OF SCIENCE is the nation's oldest and most respected science book club. Dedicated to serving both professionals and serious amateurs, it surveys the entire field of published sources on scientific subjects to make the very finest works available to club members at substantial savings, with prices starting as low as \$9.95.

**MEMBERSHIP BENEFITS-** In addition to getting the ELEMENTS OF CHEMISTRY for only \$2.95 when you join, you'll also receive discounts on books you choose to purchase. Discounts generally range from 15% to 30% off the publishers' prices, and occasionally even more. • Also, you will immediately become eligible to participate in our Bonus Book Plan, with savings of more than 50% off the publishers' prices. • Moreover, our books are always identical to the publisher's editions. You'll never receive an "economy edition" with inferior paper and bindings from us. • At 3-4 week intervals (15 times per year), you will receive the Library of Science News, describing the coming Main Selection and Alternate Selections, together with a dated reply card. • In addition, up to three times a year, you may receive offers of Special Selections which will be made available to a group of select members. • If you want the Main Selection, do nothing, and it will be sent to you automatically. • If you prefer another selection, or no book at all, simply indicate your choice on the card and return it by the date specified. • You will have at least 10 days to decide. If, because of late mail delivery of the News, you should receive a book you do not want, we guarantee return postage.
