Pages 17-32

*A New Look
at Deforestation*

The nation's foremost "secrets expert" and author of the phenomenally successful *Big Secrets* is back, exposing things that many people would rather you not know.

Biggest Secrets is William Poundstone's newest, boldest exposé of the diverse and lurid secrets of American business, government, celebrities, and the media. He has conducted extensive original research, hiring food chemists to analyze the secret spices in Grey Poupon mustard and interviewing former employees of Mrs. Fields Cookies to

uncover their secret chocolate-chip cookie recipe.

Biggest Secrets also reveals:

- the mysteries of Spam.
- how magicians Siegfried and Roy turn a woman into a tiger.
- authentic subliminal images in Saturday morning cartoons.
- the ten missing floors of Trump Tower.
- the episode Joseph Heller wrote for TV's *McHale's Navy* and much more.

Biggest Secrets is a riotous trove of often startling information, impossible to put down.

A Garden Way Publishing Book

THE ABLE GARDENER

Overcoming Barriers of Age & Physical Limitations

KATHLEEN YEOMANS, R.N.

In *The Able Gardener*, author Kathleen Yeomans describes how to begin, or continue, a lifetime of successful gardening in spite of aging backs and muscles, visual problems, or other physical challenges. Intelligent planning and design, and the use of practical techniques like raised beds and automatic watering systems, not only result in better gardens, but also make gardening easier and more pleasurable for all gardeners.

To accommodate special needs, the author includes dozens of suggestions for adapting tools; managing garden tasks; and creating accessible, "barrier-free" yards. Twenty imaginative garden ideas, many of them suitable for gardening in small spaces, will inspire new and experienced gardeners alike: these include indoor and container gardens as well as herb and dried-flower gardens for year-round garden hobbies.

The book also features easy-to-read type, lie-flat binding, and an extensive listing of special tools and equipment suppliers and horticultural therapy groups.
