

Science is Opportunity.

**TO DISCOVER.
TO LEARN.
TO MAKE A DIFFERENCE.**

Opportunities for young people in the field of science abound. The 1994 Directory of Student Science Training Programs (SSTP Directory), published by Science Service Inc., is the key to open doors for our future scientists.

Internships and programs with many of our country's distinguished universities and corporations are detailed in this one-of-a-kind resource. Take this opportunity now.

Look in your school library or science department or send \$3.00 to:

SCIENCE SERVICE INC.®

Science Service, which publishes Science News, is a nonprofit corporation founded in 1921. It gratefully accepts tax-deductible contributions and bequests to assist its efforts to increase the public understanding of science, with special emphasis on young people. More recently, it has included in its mission increasing scientific literacy among members of underrepresented groups. Through its Youth Programs, it administers the International Science and Engineering Fair, the Science Talent Search for the Westinghouse Science Scholarships, and publishes and distributes the Directory of Student Science Training Programs.
