Aerobie Flying Toys

The space-age designs of these flying toys helps them to achieve amazing feats. The 10" Aerobie flying ring holds the world's record for an object thrown the longest distance at 1,257 feet. The triangle shaped Aerobie Orbiter is a game of catch you can play alone, as it is actually a boomerang that can easily fly a 100-foot-diameter circle and return to you. The brand-new Aerobie Football (for right-handed people only!) allows you to throw a perfect spiral every time at 1,000 RPM. All Aerobie products are constructed of soft rubber.

Recommended for age 7 and up.

Reversible Dinosaur, Monkey & Polar Bear

Two toys in one! These cuddly animals reverse into globes that display the continents and oceans and specify where the particular animal is from. Dinosaur globes show the old world as it existed during their time, which includes Gondwanaland. Each animal comes with details about how that species live within their habitat. And, some proceeds from the sales of the monkeys and polar bears help to fund conservation efforts in the animal's home.
