

Mind Games

Challenge your mind with these brainteasers that are convenient travel companions and entertaining for friends and family at home too! These compelling games amuse both left and right brain thinkers as they require reasoning skills, common sense, and imagination. Choose from two sets of three games. Or, buy both sets.

This set of games will make your head spin. Set includes Top Spin, Spin Out, and Back Spin as detailed below. All three only \$29.95.

Top Spin
The object is simple - just put the numbers in order. Slide the 20 tokens around the track. Flip the turnstile to rearrange them. Easy, until it comes to that last number.

Spin Out
A classic! Just turn the seven disks, one by one. When the disks are all turned sideways, the slide unlocks and the puzzle is solved.

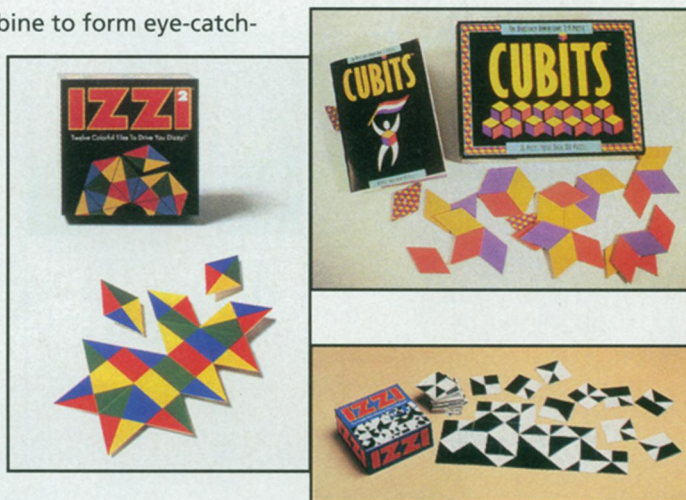

Back Spin
A front and back, match the colors brainteaser. Scramble the balls front to back and up and down. Solve the puzzle by putting the balls back in matching order.

These card games require you to think at different levels and in different dimensions. Set includes three variations of cards: Cubits, IZZI, and IZZI 2. Get the whole set for only \$20.95.

Cubits
A devilishly dimensional 2-D puzzle! Sixteen pieces combine to form eye-catching 3-D images. Beginner and expert challenges, dimensional explorations, and "Impossible Object" constructions are described in the enclosed booklet. Delight your mind's eye.

IZZI 2
If you are craving a colorful challenge, IZZI 2 is it! Combine 12 colorful tiles to build 30 geometric puzzles. The only rule: touch Red to Red, Blue to Blue, Green to Green, and Yellow to Yellow. The accompanying booklet shows puzzle outlines and solutions.

IZZI
Challenging! Beautiful! Brilliantly simple, yet vexingly tough! Just create a big square using the 64 cards. There is only one rule: touch Black to Black and White to White. Plays over and over and has thousands of solutions. It's never the same game twice.
