Winner! Electronics Industry Association Award for Innovation in Design.

The Grundig YB-500 FM/AM/Shortwave Receiver

1 Listen to the World. Hear the BBC!

Hear news and commentary without commercials. The Grundig YB-500's powerful reception pulls in every SHORTWAVE band plus AM and FM. Enjoy Voice of America when you travel abroad.

2 Replace your clock radio with a more powerful one less than 1/2 its size!

Your present clock radio can't send you to sleep with FM, wake you with weather on AM, then switch you to the BBC for world news—unless you already own the YB-500 with its powerful, dual-programmable clocks. Push AUTO and the YB-500 will wake you every morning with the same sequence.

3 Enjoy legendary Grundig sound!

The YB-500 is built in Europe with that rich, mellow Grundig sound the whole world loves. Audio power boost expands the dynamic range of music and speech—no other compact radio has this powerful feature!

4 Listen to FM stereo with FREE headphones!

Or use the line-out jack and a "patch cord" (available at any electronics store) to turn your Grundig YB-500 into a powerful all-band tuner for your component system.

5 No dial twisting! Digital "lock-on" precision!

If you know your frequency, use the keypad to punch it in. All buttons and functions work in a logical way. No clutter—no confusion. Continuous power scan stops at every signal and lets you listen. Only Grundig has this powerful feature!

6 Never miss a broadcast!

The BBC and all major world broadcasters are pre-set for instant retrieval—giving you the power to tune in the BBC anywhere in the world without having to know the frequency!

7 Memorize ALL your favorite stations!

You can add up to 40 more stations in any band and even display call letters. (Call letters pop up automatically when FM stations broadcast with RDS.)

8 Get a FREE worldwide adapter!

Order now and get a free universal-voltage AC adapter. Includes leatherette travel pouch, stereo headphones, even 4 AA batteries, and free Grundig shortwave listening guide.
