\$110.35
VALUE!

Master higher mathematics with hundreds of
 ■ Simple intuitive techniques ■ Fully worked proofs
 ■ Famous puzzles ■ Sample problems and solutions

The
PROBLEM SOLVER'S
 SET *is yours for only* **\$4.95!**

as your introduction to the
LIBRARY OF SCIENCE

You simply agree to buy
 three more books—at
 significant savings—within
 the next 12 months.

The Towers of Hanoi puzzle

3 generation Mendelian experiment

Bridge the gap between calculus and higher mathematics. Learn basic strategies to solve an enormous variety of math problems with the 4-volume PROBLEM SOLVER'S SET, yours for only \$4.95!

A TRANSITION TO ADVANCED MATHEMATICS, Third Edition

D. Smith, M. Eggen and R. St. Andre
 Don't just do proofs, but learn to "think like a proof" as you master the underlying logic of sets, relations, functions, cardinality, real analysis and advanced mathematical concepts.
 285 pages Publisher's price: \$42.50

PROBLEM-SOLVING THROUGH PROBLEMS

Loren C. Larson
 Apply a basic set of techniques to successfully solve hundreds of problems from many branches in mathematics. Over 700 worked examples show how to tackle real world problems on your own.
 323 pages Publisher's price: \$39.95

MATHEMATICS AND PLAUSIBLE REASONING, Revised Edition

Volume 1: Induction and Analogy in Mathematics
Volume 2: Patterns of Plausible Inference
George Polya
 The classic two-volume guide to effective problem solving by creative generalization, analogy, induction and patterns of plausible reasoning.
 "A masterful job. The material in both volumes is fresh and original; the presentation is stimulating, informal, and

occasionally humorous... Polya's book is a rare event."

--Morris Kline, *Scientific American*
 505 pages Publisher's price: \$27.90

THE LIBRARY OF SCIENCE is the nation's oldest and most respected science book club. Dedicated to serving both professionals and serious amateurs, it surveys the entire field of published sources on scientific subjects to make the very finest works available to club members at substantial savings, with prices starting as low as \$9.95.

MEMBERSHIP BENEFITS

In addition to getting PROBLEM SOLVER'S SET for just \$4.95 when you join, you keep saving substantially with discounts of up to 50% off the publishers' prices on books you choose to purchase. • Also, you will immediately become eligible to participate in our Bonus Book Plan. • Moreover, our books are always identical to the publisher's editions. You'll never receive an "economy edition" with inferior paper and bindings from us. • At 3-4 week intervals (16 times per year), you will receive the Library of Science News, describing the coming Main Selection and Alternate Selections, together with a dated reply card. • In addition, up to four times a year, you may receive offers of Special Selections which will be made available to a group of select members. • If you want the Main Selection, do nothing, and it will be sent to you automatically. • If you prefer another selection, or no book at all, simply indicate your choice on the card and return it by the date specified. • You will have at least 10 days to decide. If, because of late mail delivery of the News, you should receive a book you do not want, we guarantee return postage.
