

Big Puzzles for Little Hands

Animal Alphabet, 24" x 36", 26 pieces

These giant floor puzzles capture the enormity of the subjects they depict. They will fascinate children, who can create creatures

that rival their own size. Small children find the giant pieces easy to handle and match, helping to develop their motor and visual discrimination skills as well as to teach the patience necessary to complete a task.

The Endangered Animals and Pond Panorama puzzles include an identification key. A fact sheet providing additional knowledge about Killer Whales is included with that puzzle. The animal Alphabet puzzle comes with learning activities. Kids learn while they are having fun.

Recommended for age 4 and up. Frank Schaffer Publications, all puzzles \$13.95 each. Save and buy all five for \$59.95
