

Big Puzzles for Little Hands

Animal Alphabet, 24" x 36", 26 pieces

These giant floor puzzles capture the enormity of the subjects they depict. They fascinate children, who can create scenes and

creatures that rival their own size. Small children find the giant pieces easy to handle and match, helping to develop their motor and visual discrimination skills as well as teaching the patience necessary to complete a task.

The Birds, Bugs, and Coral Reef puzzles include an identification key. The Animal Alphabet puzzle comes with learning activities. All of which allow kids to learn while having fun.
