# Far Side Flashback

A collective wail was heard when readers of more than 1,900 newspapers discovered Gary Larson would bow out of daily cartooning. But fear not! This complete collection of Larson's Far Side Galleries and the Prehistory edition span his entire career from his earliest work to his final cartoons, bringing the world's most notoriously wry and penetrating wit into our lives once more.

Politically correct swamp monsters, buzzard picnics, fortune-telling chickens, primitive theme parks, cows relaxing in a hay bar. . .Larson's viewpoint is a unique glance into a world that exists only in this cartoon netherworld. This anthology captures the range and essence of Larson's work, giving his fans an enormous dose of his best selections. — from the Publisher
