

New discoveries and state-of-the-art techniques in—

■ DEVELOPMENTAL BIOLOGY ■ GENETICS ■ MOLECULAR MEDICINE

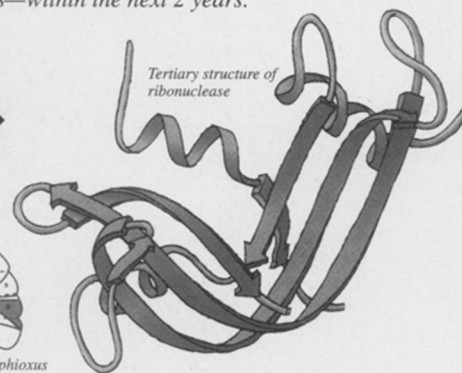

Take the

CELL BIOLOGY SET for only \$595!

when you join the **LIBRARY OF SCIENCE**

You simply agree to buy 3 more books—at significant savings—within the next 2 years.

A
\$157.85
VALUE!

Tumor cells

Amphioxus egg

- **3 Volumes—over 1,600 pages—plus 2 fully-interactive, multimedia CD-ROM tutorials by leading cell biology researchers and educators**

- **Packed with hundreds of animations, videos, full-color photographs, color illustrations, charts, and diagrams**

CELLS, EMBRYOS, AND EVOLUTION

John Gerhart and Marc Kirschner

With new concepts in molecular substrate signaling, transcription, protein synthesis, and multicellular pattern generation, two celebrated cell biologists reveal how phenotypic variation and evolutionary adaptability originate *within* cells, and how ultimately evolutionary and cellular mechanisms are deeply intertwined.

642 pages

Publisher's price: \$64.95

AN ELECTRONIC COMPANION TO GENETICS

Philip Anderson and Barry Ganetzky

Master complex concepts in genetics—from heredity, linkage, recombination, genes, and proteins to DNA replication, gene expression, and population genetics using hundreds of multimedia animations, videos, and diagrams. Over 400 learn-by-doing testing exercises give instant feedback. A handy companion workbook offers complete CD-ROM topic summaries plus extra exercises.

304 pages

Publisher's price: \$29.95

THE LIBRARY OF SCIENCE is the nation's oldest and most respected science book club. Dedicated to serving both professionals and serious amateurs for almost 40 years, it surveys the entire scientific field to make the finest works available to club members. Books span an exciting variety of subjects from theoretical and applied mathematics to earth sciences, biology, physics, and computer technology. All books are available to you at significant savings with prices starting as low as \$9.95.

THE CELL: A Molecular Approach

Geoffrey M. Cooper

This CD-ROM/book tutorial offers a complete survey of contemporary cell biology focusing on the molecular structure and functions of cells as a unifying theme. Topics range from developmental biology, the nervous and immune systems, plant biology, and bioenergetics to groundbreaking experiments in HIV/AIDS, gene therapy, growth hormone deficiency, and cancer research. The CD-ROM features 14 minicourses and an 800-entry encyclopedia.

LIBRARY OF SCIENCE A Newbridge Book Club • P. O. Box 6014 • Delran, NJ 08075-9649

Please accept my application for trial membership and send me the CELL BIOLOGY SET (00706) billing me only \$5.95, plus shipping and handling. I agree to purchase at least three additional selections at regular member's prices over the next 2 years. As a member, I can save up to 50% off the publishers' prices. My membership is cancelable any time after I buy these three additional books. A shipping-and-handling charge is added to all shipments.

No-Risk Guarantee: If I am not satisfied—for any reason—I may return the CELL BIOLOGY SET within 10 days. My membership will be canceled, and I will owe nothing.

(Books purchased for professional purposes may be a tax-deductible expense. Prices are slightly higher outside the U.S. and are invoiced in U.S. dollars.)

Science News 1/98 2-FK5

MEMBERSHIP BENEFITS: In addition to getting the CELL BIOLOGY SET for only \$5.95 when you join, you keep saving substantially with discounts of up to 50% off the publishers' prices on books you choose to purchase. • Also, with your first purchase of one regular selection, you'll earn Bonus Credits you can use to save even more. • When you qualify as a Preferred Member, you'll earn double Bonus Credits and enjoy other special benefits. • Moreover, our books are always identical to the publishers' editions. You'll never receive an "economy edition" with inferior paper and bindings from us. • At 3-4 week intervals (15 times per year), you will receive the Library of Science News, describing the coming Main Selection and Alternate Selections, together with a dated reply card. • In addition, up to three times a year, you may receive offers of Special Selections which will be made available to a group of select members. • If you want the Main Selection, do nothing, and it will be sent to you automatically. • If you prefer another selection, or no book at all, simply indicate your choice on the card and return it by the date specified. • You will have at least 10 days to decide. If, because of late mail delivery of the News, you should receive a book you do not want, we guarantee return postage.
