

**20 engineers, 18 months,  
and the result doesn't really look or  
sound any different from the original.**

**Now that's a success story.**

It was a tall order, even for Bose® engineers: take the most highly reviewed radio regardless of size or price—what *Radio World* called “simply amazing...a genuine breakthrough.”

Now make it even better. Add a CD player. Match the award-winning sound of the original Wave® radio. Go to any lengths necessary—but don't increase the size of the radio by more than a quarter inch.

**The result: the Bose Wave radio/CD.** To keep it small and sleek, like its predecessor, we made room for a compact disc player by redesigning the patented acoustic waveguide speaker. Listen and you'll hear full, natural bass and clean sound that no conventional radio can produce. Naturally, the new Wave radio/CD offers all the convenience of the original, and then some. The remote, in addition to adjusting the volume and

changing stations, also lets you control the

CD player from across the room. There are even dual alarms that can wake you to your favorite CD track.

**Insert disc. Press play. Be impressed.** The Wave radio/CD is available for \$499 directly from Bose, the most respected name in sound. If you prefer, you can make six interest-free payments. Listen for 30 days. The Wave radio/CD is unlike any conventional radio you've heard before. If you don't agree, return it for a full refund — no questions asked. Call Bose today and find out why we think we've created the world's best-sounding radio. Twice.
