

# Health Award Winners

Young scientists who demonstrated outstanding ability in dental, medical, pharmaceutical and veterinary sciences at the International Science Fair received special recognition

► **OUTSTANDING** exhibitors in dental, medical, pharmaceutical and veterinary sciences at the 17th International Science Fair were awarded special honors. Announcement was made at a Health Awards Barbecue Supper given by the professional organizations.

Chosen from 419 ISF finalists representing 225 affiliated fairs, health awards winners were selected by boards of judges from the American Dental Association, the American Medical Association, the American Pharmaceutical Association and the American Veterinary Medical Association.

THE AMERICAN DENTAL ASSOCIATION Certificates of Superior Achievement were presented to Mary Lallier Schilling, 17, Northfield H.S., Northfield, Minn., for "Uptake of Radioactive  $I^{131}$ —Using Techniques of Histology and Autoradiography" and to Mary Lorie Wade, 18, Gilmer H.S., Gilmer, Texas, for "Oral Roentgenotherapy." These winners will be the guests of the ADA at its annual meeting.

Certificates of Meritorious Achievement and \$50 for scientific equipment were awarded to Albert Baxter Clark, 17, Orem H.S., Orem, Utah, for "An Evaluation of Restorative Materials for Anterior Teeth" and Barbara Gail Jackson, 18, Killeen H.S., Killeen, Texas, for "Chemical Reaction on Human Dentition."

THE AMERICAN MEDICAL ASSOCIATION highest citations and plaques were presented to Mary Lallier Schilling, 17, Northfield H.S., Northfield, Minn., for "Uptake of Radioactive  $I^{131}$ —Using Techniques of Histology and Autoradiography," and to Robert Carter Dillingham, 15, Leon H.S., Tallahassee, Fla., for "Analysis of Hematoxins and Neurotoxins." These winners will be the guests of the AMA at its annual meeting.

AMA Awards of Merit were given to Karen Lee Baker, 18, North H.S., Denver, Colo.; Daniel Walker Becton, 18, Melbourne H.S., Melbourne, Fla.; Dean George Christakis, 17, Horace Mann H.S., Gary, Ind.; Edwin Ronnie Collier, 17, Mesquite H.S., Mesquite, Texas; Bettye Jean Fortner, 18, South Pemiscot H.S., Steele, Mo.; Claudia Judith Greene, 17, Latta H.S., Latta, S.C.; John C. Jackson, 17, Gerstmeyer Technical H.S., Terre Haute, Ind.; Winifred Janice Kennedy, 18, Troy Area H.S., Troy, Pa.; Paul Douglas McCraw, 16, Tuscaloosa H.S., Tuscaloosa, Ala.; and Felice Rose Tillman, 18, Metairie Park Country Day School, Metairie, La.

THE AMERICAN PHARMACEUTICAL

MARY L. WADE

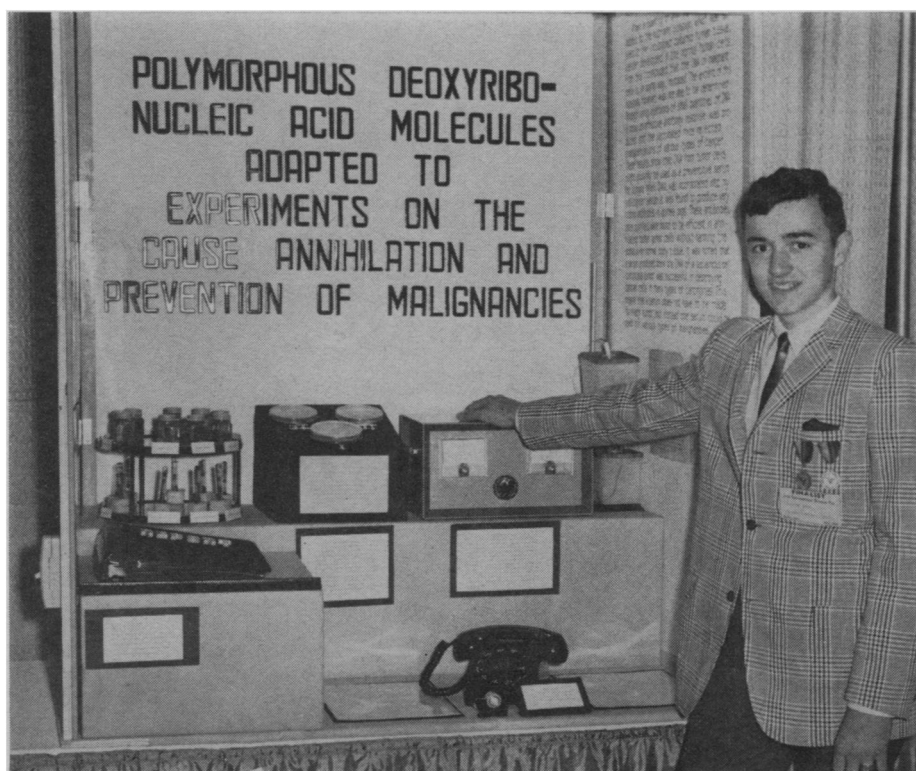

ASSOCIATION first award was presented to Dan Bradley Dydek, 17, Arlington Heights H.S., Fort Worth, Texas, for "Interferon." He received a plaque and his choice of a trip to the annual meeting of the APhA or a cash award to further his scientific education.

The second APhA Award, a plaque, was given to Lee A. Weisbecker, 16, High Point Central H.S., High Point, N.C., for "Perfusion of VX2 Carcinoma With Alkylating Agents *in vitro*."

THE AMERICAN VETERINARY MEDICAL ASSOCIATION Science Youth Award and an invitation to the annual meeting of the Association were presented to Edwin Ronnie Collier, 17, Mesquite H.S., Mesquite, Texas, for "The Immunological Study of the Thymus Gland and Its Role in Transplanting." Mac Elgin, 16, Dyersburg H.S., Dyersburg, Tenn., was given the AVMA Meritorious Achievement Award for "Restoring Beat to Heart Cells."

Announcement of the awards was made at Six Flags Over Texas.
