SELECT any three FOR JUST A DOLLAR! Choose from *Masers and Lasers*, *Tomorrow's Weapons*, *Assault on the Unknown*, twelve other important titles... your introduction to membership in the *Hall of Science Book Club*.

If you want to keep alert to the growth and impact of today's science — and do so economically — then here's the answer to your problem. All books are chosen on the basis of their practical, popular, and professional appeal... all are geared to add new dimensions to your understanding of the ideas, discoveries, and achievements of science. By joining the *Hall of Science Book Club* you save yourself the bother of searching and shopping, and save in cost about 15 per cent from publishers' prices.

How the Club operates. Periodically you will receive the Club's official announcement of the forthcoming feature selection, as well as a number of alternate selections. If you want the featured book, you do nothing, and it will be mailed to you. If you want an alternate — or if you want no book at all — simply return the card conveniently provided for this purpose. We ask you to agree only to take three books in a year.

Send no money now. Just indicate any four books you want — three for \$1.00 and one as your first Club selection — in the coupon at right. Take advantage of this offer *now* — get four books for less than the regular price of one!
