

plant now during the spring & grow full-size fruit & flowers—indoors & at home

MINIATURE FRUIT-BEARING TREES & MINIATURE GARDENIA TREES!

ORANGE ★ LEMON ★ LIME

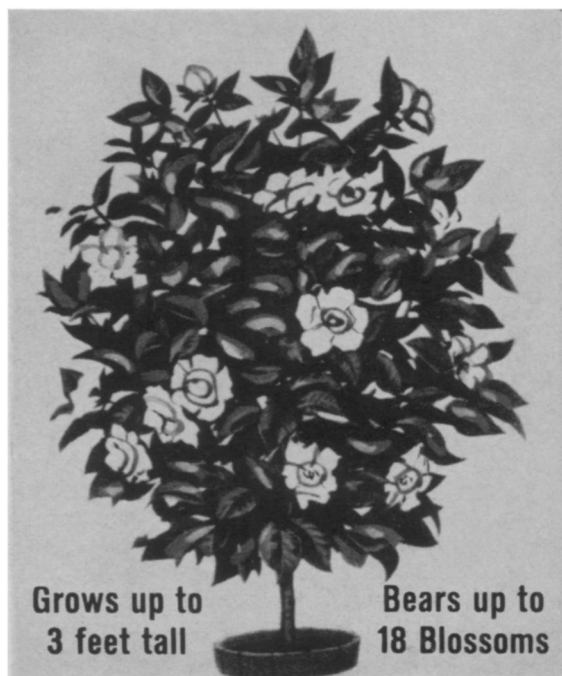

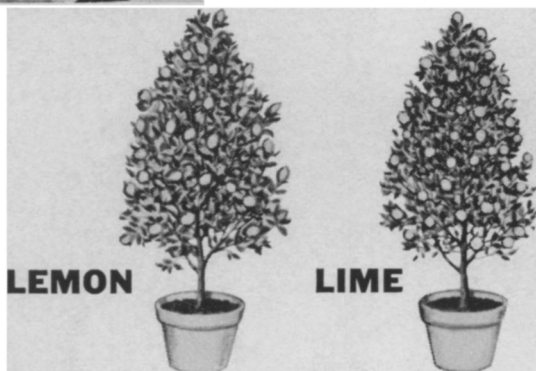

These are marvelous true miniature trees, little botanical gems grown and developed for planting INDOORS where they blossom and thrive all year 'round. All are true trees, not grafts but rooted cuttings of good well-known varieties, and they grow full-size fruit indoors, right in your own home! Adaptations of Bonsai, the Japanese art of growing miniature trees that dates back to 1868, they are the oldest yet newest and most exciting gardening thrill. Just imagine—when they bud, burst into beautiful fragrant blossoms, and then bear fruit, you'll be able to pluck and eat your own fresh oranges, lemons or limes. Trees bear many pieces of fruit at a time and continue to bear fruit indefinitely. Nationally advertised in House & Garden Magazine, all these miniature trees have glossy, green foliage easily trimmed and shaped. Beauties to have and give, you'll find they are real conversation pieces.

Before you know it, you'll be eating fresh fruit that you'll pluck yourself, sitting at the breakfast table.

SHIPPED FROM FLORIDA GROVES IN BEAUTIFUL 4-COLOR GIFT BOX

Just think what a wonderful and really unusual gift these trees make. Each is in its own pot, individually boxed in an especially nice, bright, colorful package that enhances the tree. All are shipped directly to you from Florida groves. You can have your own little grove if you order now. This year's planting is limited.

Imagine the thrill of producing these delicate, fragrant snow-white blossoms in your own living-room!

The Gardenia at left (and the Red and Golden Hibiscus and the Coffee Tree, not shown) are truly amazing INDOOR miniature trees. They blossom with full-grown flowers (and the Coffee Tree with plump clusters of beans you can grind for your own fresh brew!) right in your own home! A horticulturally astonishing adaptation of Bonsai developed in a Florida tree-growing plantation, each cutting is taken from certified stock trees, placed on wire frames, and roots are bound to make the trees smaller just as Oriental women used to bind their feet. Just imagine—when the Gardenia buds, then bursts into beautiful fragrant blossoms, its unforgettable fragrance and dark green foliage will thrill you, your family and your friends—and you'll even be able to make your own corsage! They enhance and decorate your house and table all through the year, year after year. All these miniature trees have glossy foliage easily trimmed and shaped, all grow from 10 inches when you receive them to 3 feet tall! Beautiful to have and give.
