**"They laughed when I wound up my shaver..."**

That's liable to happen to you when you first use the Riviera in front of anyone. After all, how can a "wind-up" shaver be more than a plaything or at best an emergency type shaver? But, you will have the last laugh! With one winding (about six turns—just like a movie camera) you will get a complete shave. You'll get the fastest, smoothest and closest shave you've ever had. Hard to believe, but really true. Free yourself from electricity and paraphernalia and treat yourself to the Riviera. Use it as your "No. 1" shaver or for office, club, cabin or glove compartment. You will be delighted. A mechanical marvel from Monaco at a marvelous price. **\$18.50**

### TRY BEDSPECS!

These clever specs let you lie flat on your back while you read or watch the late show...without getting tired. Great for watching the world go by while sunbathing, for the elderly and bed-ridden. Precisely aligned prisms are distortion free. Good looking frames are adjustable and can be worn over corrective lenses. **\$14.95**
