**HAMMOCK
STRONG**

FITS In Your POCKET

From the head-hunter jungles of Ecuador comes a unique hammock that the fierce Auca Indians originally wove from native lianas for marriage rites. The Ecuadorian Paratroopers had this huge hammock commercially converted to long-lasting nylon. The remarkable design which goes back to an ancient Inca heritage makes it easy to snuggle into since it is actually wider than it is long. It is too comfortable to be so strong (it supports 800 pounds)! This strength increases its value for emergency use. The famed Venezuelan Scouts use it as a stretcher, cargo carrier, rescue line, etc. And it all rolls up into the palm of your hand! \$12.95 ppd., 6 for \$10.95 ea. (total \$65.70).
