CHEMISTRY VS. FOG

Letter from Sydney
Australia's atomic future

Join the most sensible
book club ever
established!

**Save up to 81% on every book in print!
No limits on what or when you buy!
No commitments to take any number of volumes!**

WHAT A VALUE! Now you can buy *any* book on the market...at practically wholesale prices...without involving yourself in a single commitment!

(Why Didn't Somebody Think of This Before?)

IT'S ALMOST UNBELIEVABLE! Here's the ultimate in book clubs. Where the whole system works *for you*. And no one tells you that you **MUST** do this or **CAN'T** do that. There are absolutely no restrictions, no "quotas", no monthly postcards to return, no obligations whatsoever!

UNLIMITED SELECTION. You can order *any* book of *any* publisher listed in the Master Catalog of American Books at discounts *guaranteed* up to 81%—right across the board! That includes hard-cover and paperback...fiction and non-fiction...religious works...technical and scientific books...textbooks...art portfolios...anything between two covers that captures your interest!

As a club member you can order from *any* publisher: Random House, Simon & Schuster, Harper & Row, Doubleday, McGraw-Hill, Harvard University Press. And that's just a smattering!

Remember: you select *any* title. But **IGNORE THE REGULAR LIST PRICES**—because you'll *never again* have to pay anything close to them!

LIFETIME MEMBERSHIP. When you join the American Book Club it's for keeps. Your membership will *never* expire—will *never* have to be renewed. And you don't have to make a single purchase!

Think what this means. For the rest of your life, you can order all the books you want. No yearly purchase quotas. But we're as close as your mail box *when you want us*.

REAL PUBLISHERS' EDITIONS. Perhaps you've wondered: "There *must* be a catch here. They must be putting out cheaper editions, like some other clubs." Not so! Every book

you buy through us is *guaranteed* to be the original publisher's edition. We don't give you cheaper paper or smaller type or bindings that stain your hands. You receive the *genuine article*—the original publisher's edition, just as if you had picked it off a bookstore counter!

FREEDOM FROM PRESSURE. Honestly, we don't care how many volumes you buy. Or how few. You can order a carload...or purchase *nothing!*

We'll never bug you with "reminders - that - you - didn't - buy - enough - this - year." We'll never send you cards to fill out and return. And we'll never mail you books other than those you *specifically requested*.

FREE SUPPLEMENT. As a member, you'll receive the regularly up-dated supplement to the Master Catalog of American Books containing *special bargains even beyond the Club's normal discount!*

MONEY-BACK GUARANTEE. We'll take our chances that you'll feel delighted with every book you buy through the American Book Club. And if you aren't—whatever your reason—just mail it back for a *full refund!* (What other club would dare make a promise like that?) Your orders are processed *by computer*—our fastest possible service—so you can enjoy the books you want as soon as possible!

THESE REMARKABLE BENEFITS of membership are yours for the one-time, *lifetime* fee of only \$5—equal to your *savings* on the first 2 or 3 discount-priced books you order! Act today. Join the *ultimate* in book clubs for your enjoyment for years and years to come!

Yes! Though I'm still blinking in amazement, I want to become a member of the AMERICAN BOOK CLUB and receive the lifetime privilege of ordering any and all books in print for discounts up to 81%. I enclose my onetime membership fee of \$5. In return, I will expect the Master Catalog of American Books plus a free subscription to its regularly updated supplement BOOK-MARKER. I understand there is NO obligation to buy anything ever, and you will ship me only those volumes I specifically order. (Small handling and postage charge.) Any books that dissatisfy me for any reason may be returned within 10 days for a 100% cash refund. And if the club itself dissatisfies me I need only let you know within 10 days to receive a full refund of my membership fee. **But the Master Catalog of American Books Will Be Mine to Keep Regardless.**

Mechanical or physical methods of fog dissipation are ineffective against the common type of fog that socks in airports, harbors and highways. A scaled-up research effort is under way in the U.S. on materials ranging from salt to more complex chemicals to find the right agent for eliminating hazardous fogs. p. 165. (Photo: A. F.
