## ideas OF THE WEEK

An editorial service to readers; more information on items can be secured from the manufacturers.

### Rust Remover Concentrate

Neutralizing or rinsing is not required with this rust remover for use on all ferrous metal surfaces and many non-ferrous materials. The product forms an insoluble phosphate coating on the surface, protecting it from further rusting while providing a suitable base for painting.

Price: \$4.00/gallon  
CRC Chemicals, Division C.J. Webb, Inc.,  
Dresher, Pa. 19025

### Automatic Wheel Balancer

This device, easily installed between the brake drum and wheel, continuously balances the wheels of automobile or truck. The balancer compensates for out-of-round tires, dished treads and similar faults, extending the life of the tires and providing steering stability. The units come in sets of four.

Price: \$21.95 the set  
Techsonics, Santa Fe Road,  
Taos, New Mexico 87571

### "Moving" Transparencies

The illusion of motion, such as turbulence, bubbles, linear movement and blinking, can be created in projected transparencies by this spinning device that utilizes polarization and refraction of light. Useful as a teaching aid, this unit comes in kit form. A starter set includes 5 types of motion while the advanced kit provides 10 types.

Price: \$10.00 starter set; \$20.00 advanced  
Edmund Scientific Co., 104 E. Gloucester Pike,  
Barrington, N.J. 08007

### Full-Page Magnifier

The whole page is magnified at once by this thin plastic magnifier, 7x10 inches, that uses the Fresnel principle. Useful for reading telephone directories, dictionaries, stock market tables or other fine print, the large size of the magnifier makes it unnecessary for the reader to move it from line to line.

Price: \$1.00  
Stadri Products Co., 147-47 Sixth Ave.,  
Whitestone, L.I., N.Y. 11357

### Cylinder Support Dolly

Heavy cylinders of 7 to 9¼ inches in diameter can be safely stored or moved from place to place by means of this cast iron, corrosion resistant device that acts as a support for the cylinder as well as a dolly. The support, which couples around the base of the cylinder, will return the cylinder to an upright position even when tilted to 35 degrees. Nonconductive rubber wheels in the support convert the unit into a dolly.

Price: \$45.00  
Penn-Chem, 232-238 North Marshall St.,  
Lancaster, Pa.
