Letter from Paris
oceanography looks west

Someday roads will tell cars where to go.

And you'll be able to drive cross-country without a road map and never get lost. Just leave the guiding to ERGS: The Electronic Route Guidance System developed cooperatively by General Motors Research Laboratories and the Corporation's Delco Radio Division.

Here's how it'll work. Let's say you're living in Chicago and want to drive to Los Angeles. Just dial the destination code for Los Angeles on a special radio receiver panel in your car and start heading west. As you approach an intersection, an antenna buried in the pavement signals your destination to roadside computer equipment. Quicker than a blink, the computer processes your destination information, signals back to your radio receiver and the proper directions light up on your receiver panel.

Since ERGS will be geared to your final destination, it won't be thrown off by side trips and stops along the way.

Traffic guidance is just one of the many areas where General Motors scientists are working to make your driving simpler and more enjoyable in days to come.

Two fertilized eggs, one from white parents and one from black, intermingled and developed to finally become, after growing in an incubator mother, a white and black striped four-parent mouse. When mature, this striped female was mated to a male in the usual way and gave birth to one all white and one all black baby mouse. (photo: Dr. Mintz)

Mail the coupon on this page at once to receive your complimentary trade edition of our unabridged **MASTER CATALOG OF BOOKS IN PRINT**, and begin a trial membership in the American Book Club. *Membership does not obligate you to buy a thing. But it does entitle you to...*

1. Order any and all books in print at discounts up to 81%. Even newest releases. **NO EXCEPTIONS!**
2. Choose from all books of all publishers—Random House, Knopf, Doubleday, Harper & Row, Simon & Schuster, Harvard University Press, etc. Even rare or "specialist" publishers. **NO EXCEPTIONS!**
3. This includes all books of all categories—hard cover and paperback, fiction and non-fiction, best sellers, scientific and technical, religious, art, even multi-volume references, encyclopedias and college texts. Naturally, all books offered by other book clubs are included too. Everything between two covers. **NO EXCEPTIONS!**
4. Most important—you can make these amazing purchases without involving yourself in a single "commitment" of any kind!

What's the catch? There is none!

Unlike any general or specialized book club—no one at American Book Club says you **MUST** do this or you **CAN'T** do that. There are **NO** restrictions. **NO** quotas to buy. **NO OBLIGATIONS** **WHATEVER**. And positively **NO** unwanted books shipped or billed to you because you forgot to return an irritating monthly card. (There are **NO** cards to return.)

In fact we ask nothing at all of you, except this:

Please request your complimentary Master Catalog at once. Quantities earmarked for trade houses, publishers, schools and libraries are *severely limited*. Do not miss obtaining a copy of this book-industry "Bible" by delaying too long. With member discounts guaranteed as high as 81%, the price you

formerly paid for just *one* book can now get you up to *five*. And get them for you **FAST**.

Same-day service guaranteed on every order

Never the 5- to 6-week delay that is standard with other clubs. Even "special requests" are processed as fast as best sellers. And that means—the *same day* received.

We never foist "Club editions" on you

You may not know it but—many selections received by members of other clubs are what the trade calls "club editions." (Look for the "tip-off" phrase, "Book Club Edition", on their flaps.) But we *never* give you "club editions." *Never* give you cheaper paper, smaller type, or bindings that stain your hands and fall apart. You receive only the **GENUINE PUBLISHER'S EDITION**, brand-new and bindery fresh. The same item selling for up to four times the price in the bookshop around the corner.

Order direct from Master catalog—sent to you free

If you *can't* find a book in your Catalog (scarcely conceivable!)—order it anyway. You still get it at a full 15% discount.

Monthly newsletter also sent to you—FREE

For books published *after* you get your Master Catalog—rely on the club's fascinating monthly newsletter: "Bookmarker". It's a sprightly written survey of new books, including numerous late-breaking bargains even *beyond* the normal club discount!

To begin enjoying full club privileges at once, mail the coupon with only \$5. This one-time fee entitles you to *lifetime membership*. You never have to renew—and *never* pay another club fee, ever. You'll probably save many times the token membership fee on your first order alone. (Especially since as a member you never have to pay us a state or city sales tax of any kind—no matter where you live!)

Money-back guarantee is unconditional

If after joining you don't agree the American Book Club is all we said and more...or even if you've simply changed your mind...just let us know within 10 days after receiving your catalog and your membership will be cancelled without obligation. *Your membership fee, of course, will be refunded at once. But the 350-page trade edition of our unabridged Master Catalog of Books in Print is yours to keep regardless.*

Naturally, every book you buy through the club must satisfy you 100%; otherwise feel free to return it within 10 days for a full refund. No questions asked.
