

# Summer is Nature's Own Time—

The Science News-Letter Is Therefore Pleased To Announce

## SPECIAL OUT-OF-DOORS PAGES

Turn to Page 303 and you will see the first of ten nature pages prepared by leading nature-study and outdoors experts under the supervision of the Coordinating Council on Nature Activities, an organization that brings together leading societies and institutions interested in a proper understanding of the great outdoors. Other pages, full of wood lore and useful interpretation of forest, field and garden, will appear during June and August.

### Other News-Letter Features Scheduled for May, June and July

Nature Ramblings (a weekly nature note by Dr. Frank Thone).

Star Charts of Summer Heavens (an explanation of the stars by James Stokley).

How Butterflies and Other Insects Smell.

Europe's Total Eclipse of the Sun (explained and reported by Prof. S. A. Mitchell, leader of America's only expedition).

How to Observe the Moon's Total Eclipse to occur in June.

Venomous Serpents and Science's Protection Against Them (an authoritative article by Dr. Raymond L. Ditmars, of the New York Zoological Gardens).

Medicine's Latest Achievements and Marvels.

Science Helps Coaches to Train Winning Athletes (the first authoritative statement of the new investigations of sprinting by the famous English athlete-scientist and Nobel prize winner, Prof. A. V. Hill).

Man's Age and Evolution in the Light of New Discoveries (raising the question as to whether ancient man lived in America).

Great Events in the Science of the Past.

What's Inside a Star (a Chat on Science by Dr. Edwin E. Slosson).

New Light on the Origin of the Alphabet.

And week by week the most interesting, important and authoritative accounts of the progress of current science in all fields.
