

Summer is Nature's Own Time—

The Science News-Letter Is Therefore Pleased To Announce

SPECIAL OUT-OF-DOORS PAGES

These nature pages will be prepared by leading nature-study and outdoors experts under the supervision of the Coordinating Council on Nature Activities, an organization that brings together leading societies and institutions interested in a proper understanding of the great outdoors. The pages, full of wood lore and useful interpretation of forest, field and garden, will appear during June and August.

Other News-Letter Features Scheduled for June and July

Nature Ramblings (a weekly nature note by Dr. Frank Thone).

Star Charts of Summer Heavens (an explanation of the stars by James Stokley).

Europe's Total Eclipse of the Sun (explained and reported by Prof. S. A. Mitchell, leader of America's only expedition).

Great Events in the Science of the Past.

Science Helps Coaches to Train Winning Athletes (the first authoritative statement of the new investigations of sprinting by the famous English athlete-scientist and Nobel prize winner, Prof. A. V. Hill).

Man's Age and Evolution in the Light of New Discoveries (raising the question as to whether ancient man lived in America).

And week by week the most interesting, important and authoritative accounts of the progress of current science in all fields.

Special Introductory Offer—13 weeks for \$1

In order not to miss the array of interesting material, special nature pages included, just clip a dollar bill to this blank, fill in your name and address and mail at our risk.
