### This Index Will Complete Your Bound Volume

This index is arranged for use with the SCIENCE NEWS LETTER steel binder.

Remove the four index pages from the center of this issue, place them in front of the twenty-six issues from July to December 29, 1934, clamp all in the strong steel fingers of the binder and you have Volume XXVI, Numbers 691-716, SCIENCE NEWS LETTER.

The binder protects against tearing, soiling, and loss of single issues and keeps all numbers arranged for ready reference through the index.

The sturdy steel binder, bound in black, leather-finished, bookbinder's bristol, of a heavy grade, may be obtained by mailing 50c. (\$1.00 for addresses outside the United States) to the Librarian, SCIENCE NEWS LETTER, 21st Street and Constitution Avenue, Washington, D. C.
