LET'S BE HONEST ABOUT LANGUAGE RECORD COURSES— INCLUDING OUR OWN!

Can you learn to speak French like a Parisian in a few hours of home study? Will a few revolutions of a record in your living room qualify you for a high-paying job in your dream country? Can a record get you invited to diplomatic receptions, or teach you more French than the elevator man on the Eiffel Tower knows?

You occasionally see claims like these. But such promises are misleading and overstated. They overestimate what language records can do. All record courses have limitations, including our own LISTEN AND LEARN, and it is best to admit these limitations honestly. We do not promise to remove your American accent; nor to give you the equivalent of several years of advanced college study in a few days. There is no substitute for conscientious study under a good college teacher. Nor do we offer you scientific German or French poetry or commercial Spanish—these really cannot be taught by records. But here is what we do offer you.

The only full course designed to teach you TRAVEL LANGUAGE!

If you want a refresher for polishing up forgotten languages, or if you want a really good pronunciation aid, or if you want IMMEDIATELY USEFUL LIVE LANGUAGE FOR TRAVEL OR EVERYDAY LIVING ABROAD, you will find LISTEN AND LEARN ideal for your purposes.

What LISTEN AND LEARN will do for you . . .

If you work for a reasonable length of time at LISTEN AND LEARN, your travel will become immeasurably broader and more pleasant, AND YOU WILL SAVE MONEY.

You will be able to leave the tourist tracks, and see those sights that you would otherwise miss—without being afraid of getting lost. You will be able to ride buses or streetcars, instead of expensive "hotel limousines." You will be able to make most of your wants known without interpreters. You will be able to route yourself by air, boat, or train; you will be able to make hotel reservations, shop for supplies or souvenirs, cash checks and change money, introduce yourself to people, inquire directions, send out laundry, see a doctor, have your car or camera repaired—and dozens of other necessary actions.

"I drove all through France, but for two weeks I lived on ham and eggs."

Don't let this happen to you because you cannot speak to a waiter or do not understand menus. With LISTEN AND LEARN you can go into any restaurant and order either foreign or American food, and give special instructions to the chef. You will be able to select foreign food by choice rather than by accident.

No grammatical drills, no memorization of long lists of obsolete words—WE HAVE DONE THE WORK FOR YOU. Everything is avail-

able for you in a form that you can use immediately, without previous grammatical training.

UNBELIEVABLE VALUE! Only \$4.95 for 3 high-quality records!

LISTEN AND LEARN is not a cut-rate product. It is different: the only purposive, oriented course on the market. It is not a rehash of other sets. Our recording is high fidelity, equal to anything on the market costing up to \$6.00 per record. We use only native speakers who are professors at Columbia, N.Y.U., Queens College, and other major American universities.

WHAT YOU GET . . .

1½ hours of recording on each set; more than 800 foreign sentences, phrases. Each set contains 3 ten-inch 33 1/3 records, manual containing everything on the records, album.

Why LISTEN AND LEARN is better!

✓ 128-page book contains everything on records, plus phonetic transcription readable at sight.

✓ INDEXED. Only record set completely indexed! Everything available at a fingertip!

✓ Two-language recording. Both English and foreign language recorded, with a pause for you to repeat after the native speaker. Learn by unconscious assimilation.

✓ LIMITED OBJECTIVE. Realistically planned, so that you can stop anywhere, and still use everything you've learned.

✓ UNIQUE MATERIAL. Scores of those modern words you use every day, yet never get into dictionaries: nylon, air-conditioned, etc.

"I had two years of French, but don't remember a word!"

LISTEN AND LEARN is a wonderful refresher. It is also invaluable for students, both beginning and advanced. It supplements any language book or course, and offers the real language that people really speak.

ENTHUSIASTICALLY ACCEPTED!

"Excellent . . . phrases are well-chosen . . . the spoken records impress me as being among the very best on the market," Prof. Mario Pei, Columbia U. "I have had experience with several other sets of language records which were

useful, but none of them equalled yours in simplicity, practical usefulness, and general satisfaction in use," Daniel Howard, Superintendent Emeritus, Bd. of Education, Windsor, Conn.

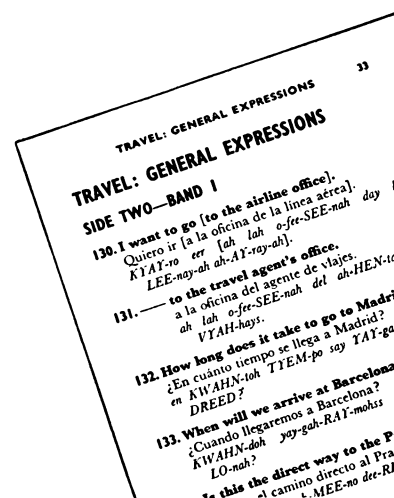

Best bon voyage gift you can give

"Inexpensive and well-done—an ideal present," TRAVEL EDITOR, Chicago Sunday Tribune. "More genuinely helpful than anything of its kind which I have previously encountered," SYDNEY CLARK, well-known author of "ALL THE BEST" travel books.
