# Why the 4-inch DYNASCOPE Reflector

Reg. U.S. Pat. Off.

is now used and approved by over 40 colleges and professional institutions

A Complete, Superior Telescope with Advanced Features

## Compare These Advances:

- 1) 4-INCH PARABOLIC PYREX MIRROR — aluminized and overlaid with zircon quartz for maximum life!
- 2) 3 ACHROMATIC EYEPIECES — 18-mm. Huygens, 9-mm. Ramsden, 7-mm. Ramsden—providing 65X, 130X and 167X!
- 3) RACK & PINION focusing!
- 4) 4-POWER Achromatic FINDER SCOPE With Cross Hairs
- 5) NEW IMPROVED MOUNT—fine equatorial with free moving polar axis, Adjustable for Altazimuth, too.
- 6) SIMPLE LATITUDE ADJUSTMENT—making your instrument usable anywhere in the world.
- 7) ALL-BAKELITE TUBE, brass-trimmed!
- 8) CLAMPS ON BOTH AXES—adjust instantly and permit smooth setting of either axis.
- 9) 33" hardwood folding TRIPOD!

## A SCIENTIFIC INSTRUMENT OF HIGH CALIBER AT LOW COST!

There's an excellent reason why the 4-inch DYNASCOPE Reflector is now the instrument used, approved and recommended by more and more schools, colleges, planetariums and professional astronomers. It is the remarkable scientific accuracy and engineering balance built into this complete telescope — at an incredibly low price! If you were to purchase the parts and assemble them yourself, you would spend much more than the unheard of low price of this precision instrument. And in building your own telescope you could never hope to attain the accuracy and co-ordination of parts that have been engineered into the Dynascope.

The 4-inch parabolic mirror produces exquisite definition of all the bright planets and is fully capable of splitting close double stars. (Note: the 4-inch mirror gathers  $\frac{1}{3}$  more light than a  $3\frac{1}{2}$ -inch mirror!) Finished to exacting specifications and guaranteed to perform to the Dawes' limit of resolution for its size! A 4-inch parabolic mirror of such quality has only been obtainable in the highest-priced instruments up to now!

Manufactured and Sold Only By  
**The Criterion Manufacturing Co.**

Manufacturers of Quality Optical Instruments  
Dept. SND-45, 331 Church St., Hartford 1, Connecticut.  
Telephone: Chapel 7-1696 • Cable Address: CRICO

## PROOF OF SUPERIORITY

(On Request — we will send a list of noted institutions now using the 4" DYNASCOPE)

## TESTIMONIALS:

### From An Observer

On clear "good-seeing" nights my Dynascope easily reveals the Alpine Valley and the Straight Wall on the Moon, as well as three peaks in the floor of the Plato ring plain. It will split the star Mizar into its major components clearly. It will separate Saturn's rings and show six bands on the face of Jupiter. Also it will project a two-foot diameter disk of the sun showing sunspots in vivid detail . . . as an Englishman might express it, "Dynascope optics are a little bit of all right."  
—VICTOR W. KILLICK, in charge of Astronomical Observatory, Sacramento Junior College, Calif.

### Many Years of Experience

. . . I have had many years of experience in astronomy, and as junior leader here in Atlanta I always recommend Dynascope.  
—LEONARD B. ABBEY, Jr., Decatur, Ga.

### Cannot Be Equaled

I still don't see how you can produce a parabolic mirror of this focal ratio at the price . . . Epsilon Lyra was quite easy . . . on the 130 power ocular. I was more than pleased when it resolved this double double as four tiny, sharp, brilliant gems . . . with the diffraction rings concentric and sharp.  
. . . For the price you ask, I do not believe that it can be equaled in any way. The oculars are excellent, and the entire instrument shows careful workmanship. How you do it is beyond me. —G. N. JOHNSTONE, Albuquerque, N.M.

## Criterion Manufacturing Company

Dept. SND-45, 331 Church St., Hartford 1, Conn.

- Enclosed find payment of \$49.95. Please ship me promptly, subject to your money back guarantee, 4-inch DYNASCOPE Telescope with 9 advanced features.
- Enclosed find payment of \$79.95. Send me at once subject to money back guarantee 4" model K-A Electric Dynascope with all its new features.
- Send me FREE Illustrated Literature on the NEW 6", 8", 10", 12", 16" Custom-Made DYNASCOPE Telescopes.

You are invited to "accompany" the great scientists of history in their  
**"Moments of Discovery"**

(Two Volumes, Boxed, Retail Value \$15.00)

**FREE**

to new members of  
**SCIENCE BOOK CLUB**

Imagine yourself with Antony van Leeuwenhoek in 1675 peering into the marvelous new world of the microscope . . . standing next to Edward Jenner a century later to witness the first fateful injection of smallpox vaccine . . . examining the crude zinc chamber in which Wilhelm Roentgen in 1895 is about to conduct his revolutionary experiments with the X-ray. These are but a few of the "moments of discovery" you may share in the unique two-volume set pictured alongside. From Hippocrates to Einstein, from the law of the lever to the theory of atomic fission, here is the story of 2500 years of scientific achievement—in the actual words and drawings of 83 of the great discoverers and pioneers themselves.

Priced at \$15.00, *Moments of Discovery* can be yours Free—as your gift on joining the Science Book Club. As a member, you will keep abreast of important advances on the swiftly changing scientific scene. You will choose from the most timely and readable works in *all* areas of science—offered always at reduced Member's Prices. To join now, simply indicate your first Selection on the coupon provided, and your Membership Gift Set will be sent along with it. Your only obligation is to take as few as 3 more Selections during the next 12 months—and after every fourth Selection, you receive a Free Bonus Book.

"*Moments of Discovery* makes it possible for man to learn about how the modern world has developed, to understand his relation to it, to make predictions about the future . . . I hope many people will read this fine work." **Linus Pauling**

**VOLUME ONE: THE ORIGINS OF SCIENCE**

**VOLUME TWO:**

**THE DEVELOPMENT OF MODERN SCIENCE**

\*1005 pages; nearly 500,000 words; over 50 rare illustrations

\*Edited by George Schwartz and Philip W. Bishop
