*you can join the
largest scientific organization in the world:*

SCIENCE CLUBS OF AMERICA

This is the way you can join. Each member belongs to a club. Each club has a sponsor—a science teacher, parent, youth leader or professional scientist. The sponsor affiliates the club (see the coupon below) and receives all the free materials from SCA to keep the club informed and functioning.

Clubs can be small or large; size ranges from 3 to 700 members; average is about 25. Your club can be for boys and girls of any age, in or out of school.

Sponsors and members plan their programs together to suit the age and science interests of the group. SCA gives you many suggestions on what to do and how to do it.

TWO NATIONAL EVENTS are held each year especially for members of SCA. Your club can take part in both of them now or when your members are old enough.

The **Annual National Science Fair** is held each spring in a different city: 1950—Philadelphia; 1951—St. Louis; 1952—Washington; 1953—Oak Ridge, Tenn. The boys and girls who show the best science exhibits in cooperating local science fairs get three-day all-expenses-paid trips to the National Science Fair and a chance to compete there for honors and awards. Only sophomores, juniors and seniors in high school are eligible to go to the NSF but in most local science fairs boys and girls of all ages can compete for local honors.

The **Annual National Science Talent Search** is held each year for seniors in high school who want to compete for \$11,000 in Westinghouse Science Scholarships for their college education. Annually 300 are honored. Of these, 40 boys and girls, chosen as winners, also receive a five-day all-expenses-paid trip to Washington, D. C. to attend the Science Talent Institute. Experience in science clubs and participation in science fairs is great practice for those who are planning to compete in the STS when they are old enough.

15,000 Affiliated Clubs

... one third of a million boys and girls affiliated with Science Clubs of America in the United States and abroad.

FREE to Club Sponsors

(\$1 to all others, and for extra copies)
