

See, Hear, & Identify 505 Birds By Video

"A skillful mix of video and stills that will delight and inform." --New York Times

"A fine investment and an important addition to printed bird guides." --Philadelphia Inquirer

"Enthusiastically recommended...The best videos for the identification of American birds." --Library Journal

Audubon Society's VideoGuide to Birds of North America contains bird sights and sounds on five videocassettes for simple and accurate identification of each of 505 species that breed in North America. Moving pictures show each bird in its natural habitat, with bird calls and sounds that complement informative narration and stunning visuals. Whether you're an expert birder or simply enjoy identifying the birds that gather at your backyard feeder, the Audubon Society's VideoGuides promise hours of pleasure.

Volume I: 116 species of loons, ducks, pelicans, hawks, vultures, falcons, game birds, and others. 94 minutes, \$29.95
